## HOW IT WORKS

- 1) Your application must be faxed to Congress Secretariat by no later than 30 June 2008.
- 2) Your details will be circulated in an alphabetical list to all the participating trade companies for possible sponsorship. This list will be forwarded to the trade on a 2-weekly basis.
- 3) SASOG does not choose who gets selected, but encourages the trade to sponsor in an ethical and balanced manner, i.e private and public service.
- 4) There is no guarantee that you will get sponsorship - but it increases your chances to obtain sponsorship.
- 5) Once a company notifies either you or the congress secretariat of their intention to sponsor you, you will receive confirmation regarding the sponsorship and the extent of the sponsorship.
- 6) Please note, that in terms of the Marketing Code of Ethics, trade companies are not allowed to sponsor you directly to any local congress, i.e money cannot be transferred directly into your account to cover your registration and accommodation costs.
